

Balancing raven

This raven can be used with the story of Elijah, who was fed by ravens in the desert - (1 Kings 17:1-6).

What you will need:

- A photocopied/printed copy of the template, using card (construction paper).
- An ice cream stick per bird.
- Two coins or metal washers per bird.
- Craft glue.
- Clear adhesive tape.

Construction

- Cut out the raven.
- Glue the ice cream stick on the back where shown.
- Tape a coin (or metal washer) on the tip of each wing.
- Once the glue has dried, balance the bird on different objects.
- Note: If children want to color in the bird, this should be done before the objects are stuck on the back.
