

# Love of God spiral

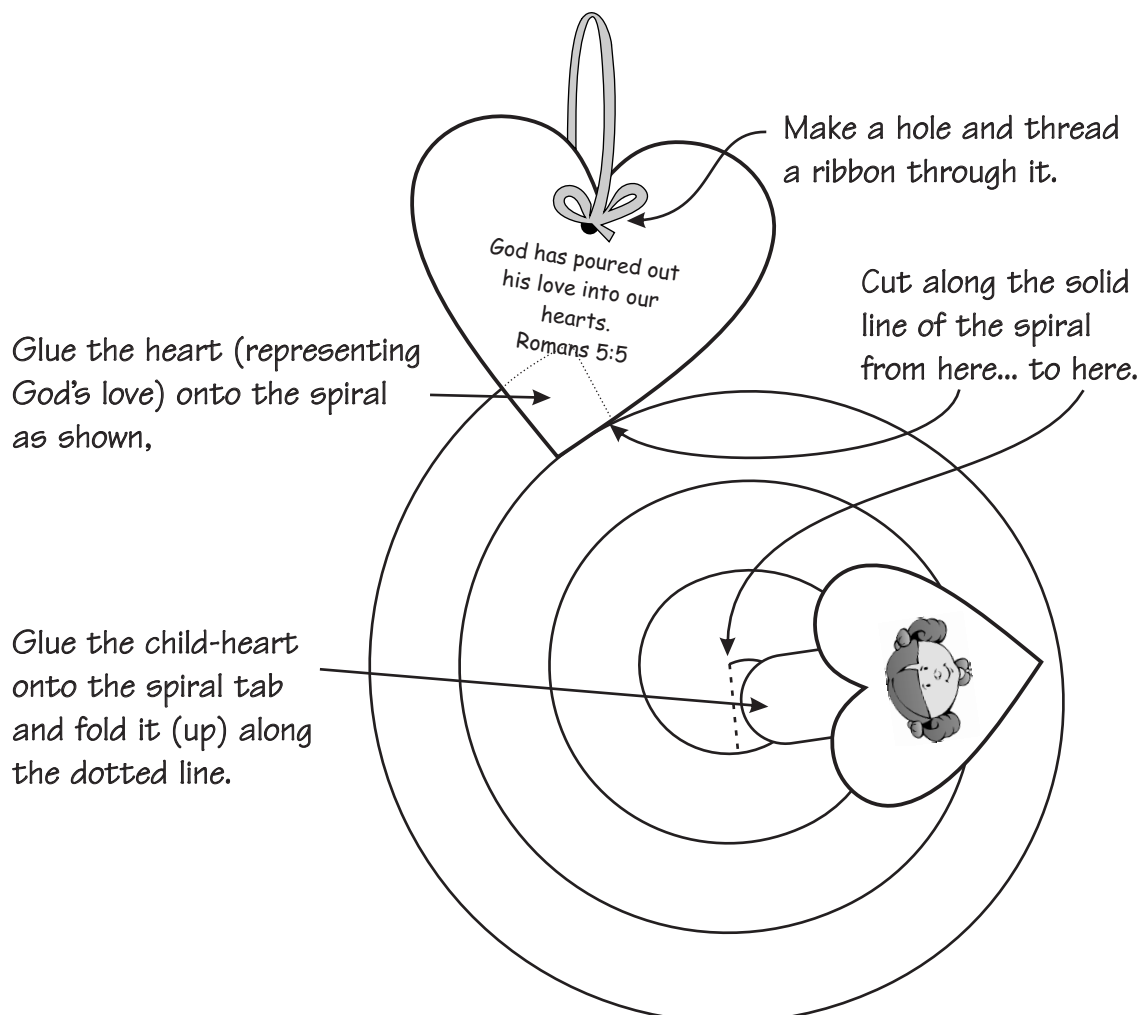

What you will need:

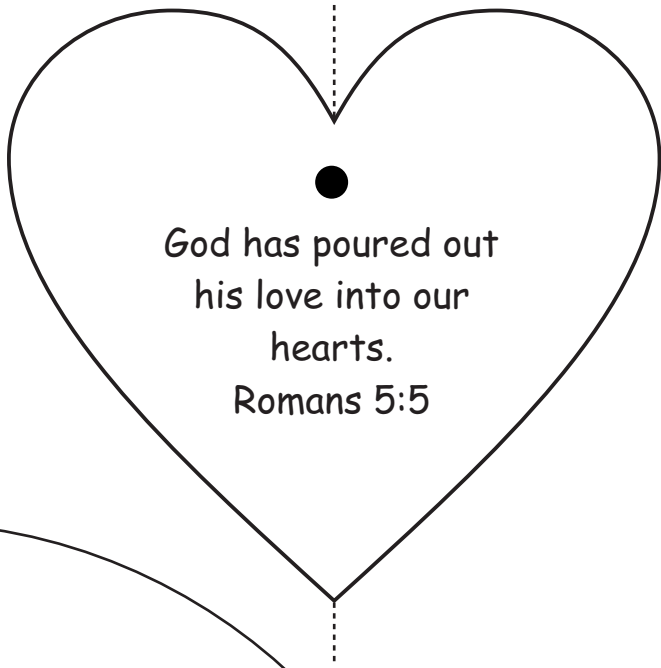

- A printout of the template on colored paper or card
- A glue stick
- Wool, string or thin ribbon
- Scissors

Instructions

- Separate the spiral and the hearts.
- Create the spiral by cutting along the solid line.
- Cut out the hearts. (There is a heart for boys and a heart for girls.) The hearts can be folded back along the dotted line to make cutting easier.
- Glue the two hearts on the ends of the spiral as shown. Use a looped ribbon at the top to hang the spiral. Fold the bottom heart at right angles along the dotted line so that it points down.

God has poured out  
his love into our  
hearts.  
Romans 5:5
