# Egyptian fan - The ten plagues
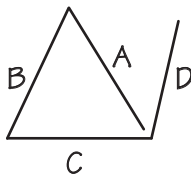

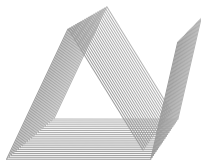

What you will need:

- The fan and handle printed on ordinary paper. (There are six handles per sheet of paper.)
- A glue stick
- Scissors

Fold the fan page (with the plagues) in a zigzag pattern along the dividing lines.
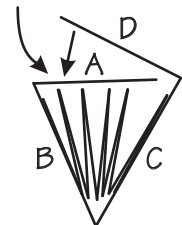

Triangular tube handle

Fold the handle along the lines to form an overlapping triangle.

Glue here

Glue the bottom part of the fan onto the handle as shown. Press B and C together till glue is dry.

Spread glue along the entire length of the handle.

Close the triangle by gluing down the overlapping flap, as shown (D onto A).
